

OFFER FOR FLAT CUSTOMIZATION

Dear Customer(s),

Date: Monday 02 May 2016

Greetings from Rudra!!

With structure nearing completion and External plaster to be chronologically followed by finishing elements of interiors, we envisage participation of all our flat owners constituting Rudra Parivar under a customization program named as “**Bhagidari**”.

Our theme to create palace for the Queens will be strengthened with each proposed step in the customization. No one is more important than lady of the home. Each tower will have ambience of a palace and each home maker will be queen in the **RUDRA PALACE HEIGHTS**.

We have identified four areas of joint development under Bhagidari viz:-

- (a) Kitchen
- (b) Toilets
- (c) Flooring
- (d) Electrical fittings & Air Conditioners & Filters

We proposed to offer four variants in each of the flat above 2BHK and they will be termed as:-

- (a) Standard
- (b) Silver
- (c) Gold
- (d) Platinum

These variants will be adding value to the members of Rudra Parivar by having tie-ups directly with the top companies in India or imports from overseas for accessories and durables/ furnishings at a very reasonable costs.

Looking forward to receive your suggestions while we are engaging in developing and offering you aforementioned variants with transparently driven cost structures, clearly delivering much more value than being asked for.

Thanks & Regards
